BULLETIN NO. 74 (Revised)

UNAUTHORIZED PLATFORM DELIVERIES

TO ALL BEER AND/OR WINE WHOLESALERS:

It has been brought to the attention of the Liquor Control Board that some beer and/or wine wholesalers are making unauthorized platform deliveries of beer or wine to retailers at the premises of the wholesalers.

You are advised that there is no provision in either the Washington State Liquor Act or in the Board's Rules and Regulations providing for such platform delivery privileges. We refer you to price posting Regulations (49) and (81) which specifically state that all beer and wine price postings filed with the Board are the delivered wholesale prices to retailers within the state. The delivered prices mean delivered by a wholesaler to the retailers' premises.

As a point of information, a petition was submitted to the Board by the Wholesalers Association in 1964, requesting the enactment of a regulation to permit deliveries of beer and wine to retail licensees at the premises of wholesalers. This proposed regulation was not adopted by the Board.

Any wholesaler who is engaged in making unauthorized platform delivery is directed by the Board to discontinue such a practice immediately.
